## Brown's Farm Road To Be Reworked By State Road Dept.

County Commissioner Paul Rardin said this week that he had been informed by N. S. Emery, state road department division engineer, that several carloads of rock are to arrive in Belle Glade for use in rebuilding Brown's Farm road in several places where it has given away. The road has been spot-patched its entire length with the exception of three or four stretches where it will be rebuilt, piled and slagged, Mr. Emery told the commissioner.

With Hillsboro Plantations, Inc., recent purchase of Brown's Farm this particular road becomes one of the most important in the farm-to-market road set-up in South Florida and is fast being recognized as such by the State Road Department. At the August meeting of the Road Department in Daytona Mr. Rardin appeared before the board and asked that the state take over Brown's farm and the Island roads for maintenance. The department agreed on Rardin's requests with one exception—they will maintain the Island road only as far out as the dike.

Mr. Emery told the commissioner last Friday that just as soon as the work is completed on the present project — Brown's Farm road—that consideration will be given the Island road. The engineer did not say just what would be done to the Island road but signified that enough work would be done to it to put it in year-round passable condition.

## Local Scouts To Attend Swim Meet

Lake Okeechobee Region Boy Scouts will go to West Palm Beach on Saturday, Sept. 22, to participate in the annual swimming meet of Gulf Stream Council to be held at Lido Pools. These annual swimming meets have attracted a great deal of attention among the local Scouts who have always put up a good fight for the ribbon awards for individuals and the special troop trophy to the winning troop.

This year's event includes dashes, free style, backstroke, breaststroke, for over and under 110 pounds, fancy diving, four man relay, three man relay and rescue races.

## Gladioli Growers Transfer To Sun City

SUN CITY, — Transferring its operations from Bradenton to Sun City, the Roman J. Clapwood company will conduct a \$300,000 operation the first season in the growing and marketing of gladioli.

The company has taken over two sections of fertile farm lands in this area with an acreage totaling over 500, of which 360 are cleared and 100 acres are tiled for gladioli growing. A concrete and steel cold storage plant is now under construction as well as a modern packinghouse.

## "Nimrod" And How Come It's Used To Describe Hunters

The name "nimrod" for hunters comes from the Bible. The reference is from Genesis 10:9, where Ham's grandson, Nimrod, was called "a mighty hunter before the Lord."

## Schultz & Gammage Take New Positions

E. M. Schultz, Sr., was recently named maintenance superintendent of the Glades district of the Florida Power and Light Company and his former job of head linesman was taken over by S. E. Gammage upon the latter's discharge from the Navy. Talk about two busy men, Schultz and Gammage have really been going in high gear re-establishing service following the heavy blow last weekend.

## Rardin Tells Rote Club About County Cash & How Spent

Pahokee Rotarians heard Paul Rardin, county commissioner, yesterday noon in a report on county cash and how it is spent. Rardin dwelt at length on the operation of the board of county commissioners and expressed gratitude over the co-operation he has received from other members of the board since he took his seat on January 2.

The commissioner pointed out that the Glades district with a population of 34,245 pays 8.5 percent of the taxes against West Palm Beach's population of 48,172 and payment of 69.5 per cent of county taxes. District No. 1, Jupiter, Lake Park and Riveria, pay 3.5 per cent of the taxes and have a total population of 4,442. At Lake Worth, Rardin pointed out, the population is 16,621 and tax payments total 9.5 per cent of the county's total. At Delray Beach and Boca Raton, with a population of 8,613, tax payment totals 9 per cent of the total.

Rardin told Rotarians that he planned for much new equipment in the Glades district road department, including two new trucks which will be delivered this week, a new dragline to be delivered within the next few weeks and a new mowing machine to be purchased within the next few months.

The Glades commissioner said that he had found the county commissioner's job to embrace many more things than just looking after roads.

## Pvt. Harold Carlisle Home After 3 Years

Private Harold Carlisle returned to Canal Point Saturday morning to visit his mother, Mrs. W. G. Lowe and Mr. Lowe, after being away for more than three years. While in the army Harold visited France, Germany, Belgium and England—where he found a wife who will be brought to America as soon as red tape permits. He was married on August 31. On the return trip to New York, where he arrived on Monday, Sept. 3, he sailed from Marseilles, France. Harold is the possessor of five battle stars signifying his participation in five major engagements.

Work will begin immediately on a major maintenance and repair shop for the Florida Motor Lines to be located in Miami, it was announced this week by H. A. Sweat, local district passenger agent.

The new plant, which is being built at a cost of nearly \$90,000, will occupy a tract 100 feet wide and a full block in length. Company officials said that approval for the building had been given by both the WPB and the ODT. This will be one of three large repair shops operated by the Florida Motor Lines, the others being located at St. Petersburg and Jacksonville.

## Federal Building Sought For B. Glade

County Commissioner Paul Rardin has been informed by Congressman Dwight Rogers that he is making an effort to have Belle Glade placed upon the preferred list for a new federal building. A few weeks ago when Mr. Rogers was home during adjournment of congress, a committee from Belle Glade called on him and requested that he make an effort to have Belle Glade put on the preferred list for a new federal building. That he has gone ahead with this movement is borne out by his letter to Mr. Rardin and a like letter to the interested committee in Belle Glade.

### TO MILITARY SCHOOL

Clarence Padgett, son of Mrs. E. L. Keen of Canal Point, has enrolled in Georgia Military College at Milledgeville, Ga. Clarence is an industrious chap and will make good in the new school. For the past few years he has been a regular carrier of two afternoon papers in Canal Point and has a wide circle of friends who will wish him luck at Milledgeville.

## Lions Hear Alley & Brown, Coaches

Coach Clyde Alley and his assistant, Charles Brown, were guest speakers at the Tuesday luncheon meeting of the Pahokee Lions Club. The Lions got a kick in hearing of the manner in which the Pahokee high school boys were learning their ABC's under the combined efforts of Alley, Brown and Caudill. Despite the cautious undestandings that coaches always make in discussing their team, those who heard the talk came away with the feeling that a creditable Blue Devil team would be ready for action on Oct. 5, the opening game with Delray Beach.

Principal D. D. Caudill and Hub Spooner were also guests at the meeting.

## Larger Water Main For Rice Sub-Div.

At the Pahokee city council meeting Friday night R. J. Schrodert, waterworks superintendent, was authorized to extend a six-inch water main into the Rice subdivision in order to increase the water pressure and fire protection in that section.

The council passed a resolution requesting the U. S. Engineering Department to install a series of locks in St. Lucie, West Palm Beach and other canals extending from Lake Okeechobee in order to maintain better control of the Lake's water level. The dependence of Glades drainage and irrigation systems on the water level of the lake was stressed in the framing of the resolution.

## Aviation Program Is Caldwell Plan

TALLAHASSEE, — With the view of insuring that Florida gets her share of the proposed \$75,000,000 federal funds for airport improvements, Governor Caldwell has asked the Florida Improvement Commission to consider the employment of someone trained in aviation to assist in working out a state aviation program.

Sgt. W. D. (Heck) Larrimore, who has been serving with the U. S. Occupation Army in Germany, en route home, according to word received this week by his parents, Mr. and Mrs. W. J. Larrimore of Pahokee.

## Heavy Crop Damage Results From Rain And Wind Brought By 1945 Hurricane

### MEETING POSTPONED

With several members ill, a hurricane scare around the corner and what have you, it was impossible for the Woman's Club to conduct its special meeting at the clubhouse Tuesday night as scheduled. Still determined, however, to map club plans for the coming year and name the new members of standing committees, Mrs. Sadie Barwick, president, has called for members to meet at the clubhouse on Tuesday, Sept. 25, at 8:30 p. m.

## Handful Remains On Foot Ball Squad After 2 Hard Weeks

The processing of the Pahokee Blue Devil squad by the Alley-Brown training mill is producing as a by-product these hot afternoons copious quantities of sweat. Ineligibility and other causes whittled the original number of candidates down to 24 out of 36 starting this week but these boys have buckled down to the work of making a football team.

The training progress has been slowed by the terrific heat of these September afternoons and Coach Clyde Alley believes much more could be accomplished if the practice period could be held in the cooler part of the day, starting around 6:30 p. m.

The football fundamentals of blocking, tackling and charging are still being stressed in practice, however, Alley and Brown are trying out a few "man in motion" plays to make the sessions more interesting for the boys. Some of the Blue Devils plan to go to Lake Worth this evening to see the opening game of two of their top-notch opponents, the Lake Worth Trojans and the Belle Glade Gold-en Rams.

## New Planes Secured For Florida Airline

JACKSONVILLE, — G. T. Baker, president of National Airlines, Inc., said at the Annual Stockholders Meeting this week that the arrival of the first of the fleet of DC-4s would make available 44 passenger service for NAL planes.

The Board of Directors at the Directors' Meeting authorized NAL officers to negotiate a contract for the purchase of 11 DC-6s.

These ships have a cruising speed in excess of 300 miles per hour and passenger capacity of 70. Total cost of these ships will be seven and one half million dollars.

J. C. Brown, NAL assistant to the president, was elected Treasurer of the company, as well as a new director. J. D. Crane, Vice President in charge of Maintenance and Engineering, was also elected a director.

## Ouida Lanier Has Birthday Party

Ouida Lanier celebrated her fifth birthday anniversary at a party given by her mother, Mrs. R. W. Lanier, at their home in Pahokee on Tuesday of last week. Games and contests were played and refreshments enjoyed by the following guests: Sylvia Parrish, Kay Mizell, Judy Cunningham, Rose Marie Henderson, Judy Chandler, Joe Edward Beverly, Boyd Vorhees, Tommy Chastain, David Cunningham and Kathie Johnson.

Once more Lake Okeechobee farmers have taken it on the chin. Over the week end the hurricane brought wind and rains that ruined the early crops. Celery and beans were completely ruined, according to growers who have made the rounds in the Lake Region.

The sugar cane crop is severely damaged. High winds flattened the cane after the mud had been softened by heavy rains. What the amount of damage will be to the cane is beyond estimation at this time.

In the Azucar area rainfall of seven inches was registered while five and one half inches fell at the Experiment Station in Belle Glade. At Shawnee farms the records show that only three inches fell while at Bare Beach four inches were recorded.

At Canal Point the official wind velocity was recorded at 66 miles an hour. There were gusts, however, that exceeded the 85 mark. In Homestead a wind speed of 143 miles an hour wrecked the town while in Miami a .99 mile wind played havoc with the winter playground.

Estimates of damage done to growing crops in the Everglades have been wild and published reports that "there would be no fall crop of the 23 vegetables grown in the Everglades are a bit far fetched. With fair weather between now and Christmas growers will bring in heavy acreage of vegetables for marketing.

Celery and beans were the heaviest losses in the hurricane. A shortage of celery plants may be experienced as a result of wind and high water, one of the celery growers told this reporter yesterday. Seed potatoes may run high also, he said, as thousands of bushels were ready for planting when the rains came.

The Southeastern Greyhound Lines has just moved into its new \$100,000 bus terminal at Pensacola. 2,000 persons are handled each day with 60 buses entering and leaving the terminal each 24 hours.

People break toes in the most unusual manner. Now comes Sam Berry of Belle Glade who broke a toe while playing on the beach with his daughter. At first he didn't give the toe much consideration, but, as days passed the pain increased and an X-Ray showed it to be broken. In a plaster cast it is fast getting better.

## Folks Continue To Compliment Our Tabloid Size

The editor of this newspaper is naturally delighted over the many compliments received in regard to our new tabloid size newspaper. Last week we wrote a few lines about the many nice remarks we've heard. Since that time we have had dozens more nice things said to us about the paper. Folks really like it in its new size and we are glad.

We're planning to move our printing office from the wreck of a building where it has been for 20 years to the room formerly occupied by Lapp's Sundry store in Canal Point. We're having the new spot painted nice and pretty, all machinery is being cleaned and overhauled, office furniture is being re-decorated, in fact when we get moved we're going to have nice enough office that we want our friends to visit us.

## The Lake Okeechobee Region Escapes Wrath Of Hurricane

Not a single life was lost in the Lake Okeechobee Region and whatever damage was done by the recent hurricane will be repaired within a few weeks. Several acres of growing crops were inundated and will necessitate replanting just as soon as the water recedes, but, when comparison is made to the 1926 and 1928 storms Saturday night's blow was only a zephyr.

South Floridians are fast becoming educated in the matter of storms. We here in an area that was once devastated by a big blow have learned to prepare for their coming. Boarding up of windows is an art. Maybe the wind will never rise to a velocity that would take out a window pane, but, knowing that the boards are in place allows one to rest a bit easier.

Citizens of the Lake Okeechobee Farming Region have taken in stride another set-back in their farming operations, but, a week from now thousands of acres will be replanted to tender crops. In one area on the south side of the lake (a piece of high ground that drained quickly) the last gust of wind had hardly died down when the owner of the land had his tractor back on the job replanting. It is that kind of spirit that can't be broken.

## Charlene Stuckey Has Birthday Party

Mr. and Mrs. C. A. Stuckey entertained recently with a party for their daughter, Charlene, who was celebrating her ninth birthday. Games were played and after the young guests had enjoyed cake and ice cream they were taken to the matinee at the Prince theatre. Mr. and Mrs. Russell Lowe, Mrs. Leah Herndon and Mrs. J. L. Stuckey assisted Mr. and Mrs. Stuckey in entertaining the group.

## Seafoam Is New Color For Garage

Seafoam! That's a beautiful color and it is the new color of the interior of B. Elliott's Ford place in Pahokee. B. just recently gave the show room its touch of seafoam in order that it might have a striking appearance when the first new Fords arrive the latter part of this or the first part of the next month.

# CITY PAHOKEE TO PAY \$800 YEARLY ON RECREATION PLAN

**City Council in Meeting on Friday Night  
Agree to Meet Request of Pahokee Recreational Council and Assist in Movement  
Now on Foot to Provide Park and Recreational Facilities at Bateman Field on Bacon Point Road.**

Members of the Pahokee Recreational Council appeared before the Pahokee city council Friday night and presented a city-wide recreational plan which met with the city fathers' approval. The plan called for a certain amount of financial support from the town and this was forthcoming in the amount of \$800 yearly, which will be used to augment the pay of a recreational director. At present the Recreational group plans to use Charles Brown, assistant foot ball coach, in the new set-up.

The visiting group told council members that far-reaching plans have been made for recreational work in Pahokee and during formative months the movement had not been given much publicity. Now that the organization "has its feet on the ground" the public is invited to attend its meetings and hear what is in store for the old and young of the area.

The City of Pahokee negotiated a lease with the county school board Friday night in which the city takes over Bateman field for a period of five years for a sum of \$1 per year. Bateman field adjoins the recently acquired lot formerly owned by Willard Smith where recreational buildings will be erected.

Pahokee Recreational Council is composed of a strong group of citizens representing the different organizations in Pahokee. Dennis Caudill, Rotary club; Sadie Barwick and Mrs. J. R. York, Woman's club; Rev. C. A. Moberg, PTA; Orin Bacon and Terry Sellers, Elks club; Alma Farrow, BFWC; Frank Rozelle, Lions club and Carmen Salvatore from the American Legion were those who appeared before the city council Friday night. Dennis Caudill spoke first for the group, then the recreational plan was presented by Mrs. Farrow who is secretary of the newly organized group. Thadd Whidden, city attorney, is an advisory member of the Recreational Council.

Recreational council members were informed by the city council that operation of the park was to be the responsibility of the recreational council. This responsibility was gladly accepted by the visiting group and immediately after the meeting they started laying plans to raise money to erect the necessary buildings. It will take in the neighborhood of \$25,000 to carry out present plans of the group.

#### CHARACTERISTIC OF SIN IS TERRIBLE

The most terrible characteristic of human nature is the fact that it is sinful. The next most terrible characteristic is the fact that so many of us know we are sinners and do nothing at all about it. It we have been awakened to the awfulness of our lives and somehow do not hunger after deliverance and salvation, we have starved ourselves of the greatest and richest gift ever provided for "all men everywhere."

How strangely tragic the number of us who know that we are going straight to Hell, if we persist in our ways, and yet do nothing about it except joke or laugh—when we should be weeping tears of repentance! A hog wallows in the mud and we make fun of it, yet many of us are doing exactly the same thing when it comes to sin—just "lasking in the 'sin-light'!" There's no reason why any of us at all should so continue. We know we're not living as we ought. Many of us even confess that we ought to be Christians. Thrice shame on us for wallowing with "hogs" when we could be

walking with angels! It's just as foolish and silly for us to go on deliberately in sin as it would be to say "No" to a contractor who offers us a new home if we would only accept.

Friends, God has a new home for us if we will only accept. He'll give us a new life, a new nature, if we'll just follow Him as our Lord and Saviour. The life is for all, even the "chief of sinners"—drunkard, gambler, profane of His Holy Name, or just a good man who's not good enough. Our lives are not too black but that He can cleanse, nor is any too good but that he doesn't need the Saviour. Human nature is not adequate to prepare us to meet the Lord. We need to be "transformed with the renewing of our minds." We need a new nature such as comes only from above. A simple trust and faith in God, the acceptance of Jesus Christ as Saviour of our lives will bring

about this transformation, will bring to us this new nature. Don't let it be a "fairy tale" to your ears. Don't let its simplicity be a stumbling-block. Accept Jesus today—right now. "He will save you, He will save you, only trust Him now!" Someone is praying for you.

Go to Church somewhere on Sunday. If you have no other affiliation we invite you to come and worship with us. Sunday School at ten o'clock; morning preaching at eleven. Evening Training Union hour at seven thirty followed by the preaching service at eight thirty. Come praying; go rejoicing.

J. Richard Heller, Pastor  
Canal Point Baptist Church.

Rev. Carl A. Moberg left Monday for a two weeks' visit with his parents on Long Island, N. Y.

*Only 30 Days After V-J Day and the*  
**BENDIX**  
**AUTOMATIC**  
*Home Laundry Is Here!*

**WHAT YOU DO:** put in clothes, set a dial, add soap.

**WHAT THE BENDIX DOES:** fills itself, tumbles clothes clean, thoroughly tumble rinses, dries clothes ready for the line or dryer, cleans and empties itself, and shuts off—all automatically! The Bendix takes only 4 sq. ft. of floor space—fits perfectly in kitchen, bathroom, utility room, laundry.

This new Bendix is a genuine postwar product—offering fourteen major improvements—an even more astonishingly versatile and helpful appliance than its famous predecessor.

Obviously, the machines first received by us must be retained for demonstration purposes. But within the next sixty to ninety days we expect to be making deliveries to the public in substantial volume.

Women by the hundreds of thousands have looked forward to this opportunity of confirming with their own eyes, the amazing things they have heard about this greatest of labor-savers for the homemaker. Their waiting is over.

**LOOK UP YOUR NEAREST BENDIX DEALER.** Go—and see for yourself. Watch how every step at the laundering process—from soiled clothes to a fresh, sweet wash, all ready for the line or dryer—is completely automatic. Note how it washes, rinses, damp-dries, cleans it self, empties—even shuts itself off—by the mere setting of a dial—and without a hand ever touching water! Learn that every good word you've heard about this washday wonder is true!

Then—make your arrangement for the delivery of your Bendix. And do it quickly.

#### EXCLUSIVE TUMBLE ACTION:

tumbles clothes through suds 60 times a minute, yet so gently that even fine fabrics launder beautifully.

## Recent Operations

By Paul Rardin

County Commissioner Chairman John Prince didn't take long to re-convert to pre-war status when V-J Day was announced. Before Pearl Harbor the popular commissioner from Lake Worth never thought of carrying a wallet. It was just something he didn't do. Then came registration, rationing and a dozen and one other things which called for form after form and identification card one after another. He secured a wallet. It bulged with cards. When V-J Day came he tossed wallet and its contents in the trash can—except his driver's license. This he placed in a little cylindrical gadget attached to his keys. So, the commissioner is back to pre-war status and hopes that another war won't upset his routine. Back in 1918 his routine was more upset than in the recent war—he helped the Doughboys whip the kaiser.

Last Friday just as storm warnings became scary a plane zoomed over Pahokee in a friendly greeting. A couple of old-timers said, "It's Geiger." Sure enough, within the next ten minutes Zelotti Arden Geiger, former Pahokee crop duster, put in his appearance on the main drag. He visited with friends and left Tuesday morning for Lake City to visit relatives before returning to Statesboro, Ga., where he is leading the life of a country gentleman—running a farm.

Secret! Last week there was a picture on the front page of this great palladium of the family fireside. The reading matter under the picture said it was Red Mounts—county agent. A lot of folks have remarked: "It looked just like Red." Now, I'm letting those folks in on a secret! Red posed for the picture—himself.

Florida's hurricane went big time over the week end. The ABC broadcast hourly reports to the nation. Such phrases as "batten down" and "sitting on the edge of a hurricane" blared forth from the loud speakers across America and many citizens of the USA learned for the first time of the drama connected with a hurricane. After all, the war is over and America must never be left without something exciting to entice folks to keep their dials tuned to certain stations.

A new plastic, having a higher clarity than most optical glass yet formable in molds without needing high temperature or pressure, has been developed by B. F. Goodrich Chemical company and is called Kriston.

## Cinematic Chatter By Malcolm Millar

Sunday-Monday brings to the Prince Theatre a picture nearly everyone has wanted to see shown here. The picture in question is "God Is My Co-Pilot" with Dennis Morgan, Raymond Massey, and Alan Hale in top billing brackets.

Everyone knows that this picture was taken from the famous book, written by Col. Robert L. Scott, and is the story of the "Flying Tigers" and their exploits during the early part of the war.

To say it is exciting is to put it too mildly. It is one of the greatest actioned pictures of the air that has been made to date, and I'm sure it will be a pleaser with everyone who attends the theatre during its two days run.

Tuesday-Wednesday the masters of the horror-ers of Hollywood, Boris Karloff, (original Frankenstein), and Bela Lugosi, (original Dracula), with an all star cast of grave shakers, door squeakers and window slammers will present one to make your Adams apple leap up and down . . . "The Body Snatcher."

On the same bill comes a musical comedy under the title "Jeepers Creepers," which brings an all

star cast of musical comedy artists.

Thursday-Friday lists "The Impatient Years" with a par-excellent cast of players, headed by Jean Arthur, Lee Bowman and Chas. Coburn. This one is a comedy and with this crew to read the lines and take care of the funny situations, you may well know that you are in for an evening of real fun.

On the same bill comes "Underground Guerrillas" which stars Stanley Clement and Mary Morris, a story of the early part of the World War II.

Saturday brings Johnny Mack Brown with Raymond Hatton in "Texas Kid". Now you know you have got a Saturday to look forward to.

See you at the movies—Mal.

Pfc. Thomas L. Miller is visiting his family in Pahokee on a thirty day furlough and will report to Camp Blanding on Oct. 3.

Tommy was overseas 11 months and went through the Italian campaign. He wears the purple heart. He had been away from Pahokee for 12 months, having become a member of the armed forces 18 months ago. He was home to celebrate his birthday—Sept. 18.

Mr. and Mrs. John Dragon are back in Pahokee after spending the summer in the Carolinas where they visited relatives. They plan to open their store soon.

Miss Margaret Anderson who started her second year at Junior College, West Palm Beach, last week, spent the weekend visiting her parents, Mr. and Mrs. H. J. Anderson, in Pahokee.

**Ramie** The Nucleus of a New Textile Industry in Florida!

The Everglades Region Is Particularly Suited To Raising RAMIE!

Ramie, the wonder fibre, can be raised successfully in the Everglades. The requirements of soil, climate and rainfall are such that three crops a year can be raised. Hundreds of acres of ramie have been planted in the last few years which, before long, should be fully producing.

Ramie has hundreds of potential uses in the textile industry

Ramie is a superior and highly versatile fibre. It is durable, flexible, absorbent, non-rotting and non-mildewing. It can make ramie fabrics ranging from durable rugs to gossamer wearing apparel with the luster of finest silk. Clothing warm in winter and cool in summer, household supplies such as sheets, marine cordage, fish lines, nets, sails, parachute harnesses, upholstery, non-linting bandages, and durable paper have all been made from ramie. Ramie meal is a valuable by-product, especially to Florida's growing livestock industry.

**Strongest natural fibre known**

Ramie, when dried and cleaned, is practically pure cellulose, ranging between 97 and 99%. Because its cellulose crystals lie parallel to the fibre axis, it is far stronger than other vegetable fibres. Its tensile strength is four times that of flax, eight times that of cotton and three times that of hemp. It is eight times stronger than silk. It exceeds flax and cotton in elasticity and torsion.

FLORIDA POWER & LIGHT COMPANY  
TAMPA, FLA.

Our investigations indicate that the profit possibilities in ramie growing and processing in Florida merit your careful and immediate investigation. For more complete details about ramie, contact your Florida Power & Light Company manager.

**INVESTIGATE NOW This Growing, Post War Opportunity!**

## WHY RAMIE?

1. It is a superior and versatile fibre.
2. It can be grown successfully in the Everglades.
3. Recent experimentation has apparently solved previous stumbling blocks in processing.
4. Its high cellulose content makes it suitable for making high grade papers.
5. It is highly absorbent and dries quickly; can be spun and woven on already installed textile machinery and can be used alone or blended with other materials.
6. It takes commercial dyes well; is easily spun; is easy to wash and stains can be removed with almost ease.
7. It processes, in ramie meal, a valuable by-product.
8. It offers great opportunities in the post war era, both agriculturally and industrially.

# Personal

(Mrs. G. B. Ramey, Phone 2082)

Mr. and Mrs. Fred T. Hickerson and Mr. and Mrs. J. T. Fuqua are spending two weeks in New York.

Mrs. G. Collier is patient at the Everglades Memorial Hospital where she is recuperating from a leg fracture.

A. C. (Tony) Libhart is ill with pneumonia at the Everglades Memorial Hospital this week.

Ben S. Waring left Wednesday for Lake City where he will receive medical treatment.

Miss Ada Hill of Philadelphia, Pa., has arrived in Pahokee for a visit with her brother-in-law and sister, Mr. and Mrs. H. C. Graham. Mrs. Graham's brother and sister-in-law, Mr. and Mrs. R. D. Hill, and their daughter, Barbara Ann, of West Palm Beach are expected to be guests also of the Grahams over the weekend.

Mrs. Charles Moran was able to

return home this week from a hospital in West Palm Beach where she was a patient.

Mr. and Mrs. Claude Padgett and son, Denny, and Mr. and Mrs. A. E. Morgan and daughter, Lois, returned this week from Brevard, N. C., where Messers. Morgan and Padgett have been employed as contract pickers this summer in the vegetable deal. They were away two months.

Sgt. Colquitt S. Davis, former employee of the Bank of Pahokee, arrived in New York Tuesday morning on a transport from Europe. Sgt. Davis hasn't been in Pahokee since he became a member of Uncle Sam's forces nearly four years ago.

## Party Is Given For Recent Bride

Mrs. J. Leo Maxwell was hostess at a silver shower at the Pahokee Woman's club building honoring her cousin, Mrs. James E. Sullenger of Louisville, Ky., who was Miss Betty Gant of Pahokee prior to her recent marriage.

Following a program of entertainment and display of gifts, refreshments were served Mrs. R. P. Todd and Mrs. Byron Todd, Delray Beach; Mrs. Laverne Baker and Mrs. Charles Baker, Jr., West Palm Beach; Mrs. Charles Baker, Sr., Mrs. Jim Mizelle, Mrs. Earl Pitts, Mrs. Albert Gant, Mrs. Archibald Adams, Mrs. Bill Shipley, Mrs. Nola B. Smith, Mrs. C. M. Todd, Mrs. Owen Todd.

Mrs. Roland Todd, Mrs. J. R. Pickren, Mrs. W. J. Laramore, Mrs. R. J. Simmon, Miss Bette Lou Pickett, Miss Betty Jean McLarty, Miss Ora Fay Cranford, Miss Ozelma Justice, Miss Hetty Garrett, Miss Mary Frank Branch, Miss Margie Adams, Miss Nell Latham, Miss Betty Jean Weatherington, Miss Betty Woodard, Miss Marian Stokes, Mrs. Mary Mordoff, Miss Gwen Gant, Miss Sarah Jane Baker and WAC Babs O'Connell.

## LEGAL NOTICE

NOTICE IS HEREBY GIVEN that sealed proposals will be received at the office of the Clerk at the Town Hall in the Town of South Bay, Palm Beach County, Florida, on or before the 11th day of October 1945 at the hour of eight o'clock, P. M. and to be opened at the last mentioned date and time at the public meeting of the Town Council of the Town of South Bay, Palm Beach County, Florida, to be held at the time and place of the construction of the Town Hall and jail in said Town. All bids must be accompanied by a certified check drawn to the order of the Clerk of the Town Council of said Town for One Thousand and Dollars (\$1,000.00). The amount of work to be done and the material to be furnished will be paid when will be received in full set forth and contained in the plans and specifications that will be given to the bidders in the office of the Clerk in the Town Hall of the Town of South Bay, Palm Beach County, Florida. The bid must be enclosed in a sealed envelope endorsed "PROPOSAL FOR CONSTRUCTION OF THE TOWN HALL AND JAIL IN THE TOWN OF SOUTH BAY, PALM BEACH COUNTY, FLORIDA" and addressed to the Clerk of said town at South Bay, Florida.

Bidders must specify in their proposals that should the above work be awarded to them they will bind themselves to the construction of the buildings of said town, among other things, to finish and complete the same by April 15th, 1946.

The Town Council of the Town aforesaid reserve to themselves and to itself as a Council, the right to reject or accept all proposals for the above work as they may deem best for the interest of said town, and they will not be required to furnish a reason for rejecting or accepting any bid.

By direction of the Town Council of the Town of South Bay, Palm Beach County, Florida:

## Southern Bell To Spend Millions On New Construction

A \$300,000,000 to \$400,000,000 construction and installation program—aimed to meet the expanding telephone needs of the Southeast—was announced today by Hal S. Dumas, president of the Southern Bell Telephone Company, through E. C. Bowen, district manager in West Palm Beach.

The program, the largest ever undertaken by the Southern Bell Company, would extend over the next five to six years.

Some idea of the size of the program is given by Mr. Dumas when he points out that it means that "We must in this comparatively short period of time spend a sum for expansion about equal to the dollar investment in the facilities we now possess."

A large proportion of the amount to be spent by the telephone company in the near future will go toward clearing up pending applications for service, but beyond that, Southern Bell anticipates a period of substantial economic development in the South which will necessitate further tele-

phone expansion to meet the growing requirements.

Mr. Dumas said Southern Bell's post-war plans included many different projects, some of which he outlined as follows: "Filling as quickly as possible applications for service being held because of the lack of facilities; Extending and improving rural telephone service; Expanding the long distance network. Extension of service into other fields as the need develops."

"As the South develops so must the telephone system which serves its business and social life. Our aim is to contribute to that development through the provision of an ever-expanding, ever-improving service," Mr. Dumas said.

Primary emphasis at first will be placed on the installation of equipment and outside facilities

needed to care for the more than 240,000 orders for service now pending.

"Looking ahead, the stage is set for expanding activities; and in the telephone industry the proper marshalling of men, money and materials will speed up the much-to-be desired objective—more service for the South, more jobs for its men and women," the Southern Bell president concluded.

Mrs. Gene Butler is a patient at the Everglades Memorial Hospital this week.

The Tile Council of America estimates that three to four million families, in the next five years, will remodel homes by adding a bathroom, renovating the present one, or installing a shower.

## City Leases Bateman Field, Not Lair Field, For Recreation Work

Less than 24 hours after the Pahokee City council announced that it had leased Bateman Field on Bacon Point road for a recreational park, Dame Rumor had it that the field involved was Lair Field—the foot ball gridiron in Pahokee. Let's keep the story straight—the lease was on Bateman Field on Bacon Point road. Lair Field remains South Florida's finest foot ball gridiron, despite all tales to the contrary.

## Four Young Men Enter University

Four young men from this immediate section have enrolled at the state university at Gainesville. From Pahokee Donald, son of Mr. and Mrs. Duncan Padgett, will study agricultural economics. He is a former member of R. O. Lampi's band and is a graduate of Pahokee high school.

Bill Shirley, son of Mr. and Mrs. Claude Shirley of Pahokee, will study engineering during the freshman year at the university. Sam Lovell, son of City Patrolman and Mrs. Dave Lovell has enrolled and will study engineering. Donald Harrington, son of Mr. and Mrs.

HOME  
From The  
W A R

T-5 Julian E. Hodges is home after four years in Uncle Sam's service, three years of which he spent in overseas duty. He was in the African, Sicilian and Italian campaigns. Being a member of the engineering corps Sgt. Hodges saw much close-up action during the heat of the big campaigns.

Former Warrant Officer O. L. Flynn and Mrs. Flynn are in Pahokee for a visit since Mr. Flynn was discharged from the navy recently. He was in the service three years and three months and spent 28 months in the Pacific. He has been released to inactive duty. He wears two campaign stars. Their home is in Phoenix, Arizona, where they will visit for a while before returning to Pahokee where they hope to make their future home.

John Harrington of Port Mayaca, is the fourth young man to enter the university from this section. Donald is a former Pahokee blue Devil. Young Lovell played in the band and played foot ball on the Blue Devil team.

### RURAL-URBAN PROGRAM

Belle Glade Rotary club will be guests of West Palm Beach Rotary club on Thursday, Nov. 20, for a rural-urban program which will, no doubt, be of interest to members of both clubs.

## WHEN THE BOYS COME back to the farm

They'll want telephone service, together with other modern conveniences. War has taught them—and their families—to rely on telephone service.

Plans are under way for the greatest rural telephone expansion ever undertaken to meet postwar needs of Southern farmers. This program, which was interrupted by the war, will be resumed as rapidly as conditions permit.

Southern Bell Telephone and Telegraph Company.  
INCORPORATED

## Both MAN-MADE!

The drone of superforts over Japan brought fire and destruction to the cities and industries of our enemies—created chaos which hastened their surrender. In America tonight, other fires will be set. They will be forest fires—575 of them—which will destroy millions of trees.

Those trees would have been part of tomorrow's pulpwood and timber supply. But, because of thoughtlessness and carelessness, that wealth of raw material will be lost forever.

No section of our country has a more

vital interest in the preservation of our forest resources than have we of the South. Much of our economy is built around this important asset and a large part of our income is derived from that source.

New uses that have been discovered for this versatile material give promise of even larger demands for this great crop of the South. To enjoy the added income now in prospect we must guard this treasure. You can contribute to this by helping to prevent forest fires. Like accidents, "they don't just happen."

## Hurricane Hilites

For the uninitiated we might say to begin this column that we had a hurricane—over the week end. The wind was at its highest Saturday night—Sept. 16. How hard the wind blew this writer doesn't know. It was plenty hard. 143 miles at Homestead. 99 miles in Miami. Something less than that in Canal Point.

From early Saturday morning until bedtime Saturday night one of the most asked questions was "Where are you going?" Many folks went to Orlando, some to West Palm Beach, some stopped at Okeechobee while others went to Sebring and Fort Pierce.

The Florida Power and Light company crew didn't stop a minute from the time the first gust of wind took down some wires up until every service was restored. To Pete deMoya and his crew of workmen this area owes a vote of thanks. Sure, we pay for electricity and are supposed to have it at the snap of a switch. But, when the wrath of a hurricane is spent on a community and light wires look like spider webs, that's something else.

Saturday afternoon between gusts of wind Big Boy Giddens was making an effort to direct the driver of a truck (about as long as two box cars) so that some furniture could be unloaded into

IN THE CIRCUIT COURT, IN AND FOR PALM BEACH COUNTY, FLORIDA  
CHANCERY NO. 20,725  
MYRTLE PAXTON.

Plaintiff.

JESSIE M. PAXTON,  
Defendant.

NOTICE TO APPEAR  
TO JESSIE M. PAXTON, RESIDENCE  
C.O. UNITED STATES PENITENTIARY, ATLANTA, GEORGIA.

Plaintiff is required to appear in the above Court on the 8th day of October, A. D. 1945, at the Court House in West Palm Beach, Palm Beach County, Florida, to answer to the Bill of Complaint for Divorce filed against you in the above entitled cause and Everglades News, a newspaper published in West Palm Beach County, Florida, is hereby designated as the newspaper in which this Order shall be published once each week for four consecutive weekly issues.

DONE AND ORDERED at West Palm Beach, Palm Beach County, Florida, this 31st day of August, A. D. 1945.

J. ALEX ARNETT, Clerk of Circuit Court Palm Beach, Florida  
(CIRCUIT COURT SEAL)

By Thaddeus P. Plant,  
Deputy Clerk.

Thaddeus Whidden, Attorney  
for Plaintiff, Pahokee  
Florida

Pub: September 14, 21, 28, 1945

B. Elliott's Ford place until the storm was over—the more he tried to give directions the more help he got from a goodnatured bunch of kids on the sidewalk. After the uneventful attempt with directions and hand waving from Big Boy the driver at last got the truck within walking distance and the furniture was unloaded.

"Got any wolf poison," one hurricane-evader said to another hurricane-evader. "Whaddya mean wolf poison?", said the second hurricane-evader to the first hurricane-evader. "You know, that stuff when you got plenty of it that keeps the wolf from the door", said the first, etc, etc.

Southern Bell Telephone company lost no time in getting their house in order after the storm. The Bell Telephone crew, augmented by a crew of West Palm Beach, was looking on the spot and service was restored in record time. To all the guys and gals who helped to keep the Southern bells ringing we extend sincere congratulations.

Councilman and Mrs. Victor L. Geiger and children have returned from Detroit, Mich., where they spent 10 days visiting his mother and other relatives there.

NOTICE  
On the 12th day of October, 1945, at 4:30 P. M. or as soon thereafter as may be heard, the undersigned will go to the office of Jos. S. White, Circuit Judge or in his absence, to the office of the other Circuit Judges of the 15th Judicial Circuit, at the Circuit Judge's office in the Court House, West Palm Beach, Florida, for a Charter of the Belle Glade Negro Fair Association.

The Charter is applied for by the Negro people of the Everglades section of Florida for such associations and the Charter has, as its objects, public fairs and expositions for the benefit of the Negro people, the promotion of horticultural, live stock and other resources of the Lake Okeechobee section of the territory, the qualifications for membership are as follows: colored person over 21 years of age who resides in the territory within a radius of 10 miles of the center of Belle Glade, Florida, may become a member by complying with the Rules and By-laws of the corporation. Colored persons may be admitted as members by action of the Directors to any Negro Member. The Charter provides for perpetual existence—for five Directors to be elected on the second Tuesday of May each year and for the election in the undersigned election of Officers and Directors. Said Charter further provides for an indebtedness not to exceed \$15,000.00 (Fifteen Thousand Dollars). The Charter is signed by 23 residents of the territory and is now on file as provided by law with the Clerk of the Circuit Court of Palm Beach County, Florida.

THIS the 13th day of September, A. D. 1945.

Lot 315 & 316, Block 113, College Park as in PB 12

Lot 317 & 318, Block 114, College Park as in PB 12

Lot 319 & 320, Block 115, College Park as in PB 12

Lot 321 & 322, Block 116, College Park as in PB 12

Lot 323 & 324, Block 117, College Park as in PB 12

Lot 325 & 326, Block 118, College Park as in PB 12

Lot 327 & 328, Block 119, College Park as in PB 12

Lot 329 & 330, Block 120, College Park as in PB 12

# IN THE HOUR OF TRIUMPH

Behind us lie 3½ years of deadly struggle in which, with God's help, we have prevailed.

For most of us, the outlook is a bright one. If we will simply use the brains, the will, the energy, the enterprise . . . the materials and resources . . . with which we won our war, we can't fail to win the peace and to make this the richest, happiest land the world has known.

For most of us, the years ahead are bright with promise. But for others of us—and, ironically enough, their part in bringing victory was a major one—the years to come must bear a different look.

In America today are hundreds of thousands of injured men. Men with neatly pinned-up sleeves and trousers. Blinded men. Men with clever iron hooks instead of hands. Worst of all, men with hurt and darkened minds.

These men need our help. Helping them will cost a great deal of money. We can help them best by buying Victory Bonds.

Far away from America today are millions of Americans. As we would be, they're on fire to get back—to their wives, to the children some of them have never seen, to their jobs.

These men need our help. Helping them will cost a great deal of money. And we can help them best by buying Victory Bonds.

Let's not forget them. And the one way we can help most to care for our wounded . . . to bring our veterans home . . . to give them a fresh start in the country they fought for . . . to care for the families of those who died before the victory was won . . . is simply this:

Buy all the Bonds you can. Keep all the Bonds you buy.

**VICTORY BONDS—*to have and to hold***

---
